To Whom It May Concern,

I'm writing in favor of the merger between Partners Healthcare and South Shore Hospital.

For the past three years this process has taken place and both our federal officials and state officials have studied and have approved the merger.

Those of us living on the south shore will benefit with the best healthcare that can be provided. With South Shore Hospital and Partners working with each other this community south of Boston will have the knowledge and expertise of the physicians that the Partners Healthcare system can provide to us on a local level.

I strongly urge that you allow this process to move forward.

Sincerely,

Kevin Muldoon
